

# ST MARYS SPORTS CLUB PAVILION UPGRADE

Plan Group are proud to present our next project update dated 18th October 2019.

Our site team and our sub-contractors have been busy again over the past fortnight with achieving completion of the demolition works and finally breaking ground. The first concrete pour was successfully completed today.

Procurement of the structural trade disciplines has progress well also over the past fortnight and the team is now aligning with the finishing trades required for this project.

We look forward to continuing to working with you all throughout this project and delivering a successful outcome.

## COMPLETED TASKS

- Demolition works completed, stage 1
- Underground service asset location
- Site surveying
- Termite inspection
- Structural engineer inspection / workshop

## ONGOING TASKS

- Continuation of structural flooring rectification
- Shop drawings
- Excavations for concrete pad footings and strip footings
- Off site procurement, mechanical, electrical & structural steel

## FORTHCOMING TASKS

- Commencement of block work scope
- External drainage & hydraulic scope
- Structural steel erection
- Service trade rough in's
