

ST MARYS SPORTS CLUB PAVILION UPGRADE

Plan Group are proud to present our first project update for 2020. We all hope you all had a safe Christmas and New year break.

With 2019 behind us it was a big push to get the structural steel erected ready for the roof to be installed early January. With the roof now completed we were able to introduce other trades to commence the internal surfaces which is progressing well. External cladding and concreting have commenced and you will now start to see the building transform into the finished product.

We look forward to continuing to working with you all throughout this project and delivering a successful outcome for the St Marys Football Club and City of Greater Geelong.

COMPLETED TASKS

- Structural Steel Installation
- Installation of roofing
- Window frames
- Internal walls
- Termite protection
- Installation of watertank
- Cool room

FORTHCOMING TASKS

- Services rough-ins
- Concrete ramp
- Facade
